## WORK EXPERIENCE

### QUALITY ASSURANCE (Online On the Job Training at Creotec Philippines Inc.) - 07/2022 to 08/2022

- I ensure that the application is in excellent quality so that the user has a good experience.
- Reporting bugs or errors and suggesting possible solutions to the developer.
- Collaborating with the developer and designer on what to improve in the application.
- Creating powerpoint presentations about the updated features and what the user may expect from the application.
- Presenting the final application.
